User Stories:

1. As a Hall Director, I want a form to customize the RA Resources page for my hall's RAs.
 - user's homepage includes a link to a form to customize RA Resources page,
 - form has checkboxes for which resource links to include in RA Resources page,
 - form has text fields for custom descriptions of each link,
 - submitting form updates the database info of every RA in that specific hall
2. As an RA, I want a way to get to know my hall director and my fellow RAs.
 - It should include pictures, contact information, and a little get-to-know-you description.
3. As an RA or Hall Director, I want to login or sign up so I can access RA Resources.
 - a form on a login page, and a form on the sign up page
 - (login) system validates form info using database and admits user into system
 - (signup) upon verification, system stores info in database
 - (RA signup) system sends verification request to hall OR needs key from Hall Director.
 - (Hall Director signup) requires key from administrator.
4. As an RA, I want a calendar where I can find all RA-related events.
 - calendar where all RA events are listed
 - a way to sync the RA calendar with the user's personal calendar

5. As a RA, I want to have a form so I can give feedback to my Hall Director
 - link to access feedback form
 - form with text box, maybe tag options per topic
 - form content and author details are sent to Hall Director,
6. As an RA or Hall Director, I want an RA Resources page to access relevant RA resources:
 - Links to RA resources
 - Titles for each resource
 - Default text descriptions for each resource

Project Plan:

- Type: Kanban
